

AUDLEM MEDICAL PRACTICE

Dr P Leftwick Dr N Verso Dr D Holden

16 Cheshire Street, Audlem, Cheshire. CW3 0AH Tel: 01270 811440

Salaried GP position at Audlem Medical Practice

Salary £9,500 - £10,500 4-6 sessions per week

We are a 5100 patient rural practice based in the traditional Cheshire village of Audlem. We are looking for a part-time GP to work Mondays and Tuesdays and possibly a third day, to support our current clinical team of 3 GP partners, 1 salaried GP, 1 Nurse Practitioner, 1 Nurse Prescriber, 1 Practice Nurse and 1 Trainee Nurse Associate. We have embraced the ARRS scheme with a Social Prescriber, Physiotherapist, Pharmacist and Care Co-Ordinator working with an extended administration team to reduce the load on clinicians. We are a training practice and also host Keele University Medical Students.

We are a friendly team and value all our staff and their well-being. We support and encourage personal and practice development to improve both the care we deliver and our working lives. We score highly on the national GP survey and having patients that are happy with the service we provide, help us all feel good about what we do.

We have a monthly practice meeting and development session, bimonthly clinical meetings and perhaps more importantly promote an equal, informed, and enjoyable working environment and shared lunchtimes in the staff room.

We have excellent staff retention, and we are looking for somebody who wants to develop their career and deliver excellent care.

For more information contact our Practice Manager, Diana Ryan on 01270 811440 or email diana.ryan@nhs.net – or perhaps you would be better speaking to our salaried GP Dr Christine Gilbody on 01270 811440 on Thursday/Friday who can tell you what we are really like!

Closing date: 31.10.2022
