

## **PCN Pharmacy Technician**

**Boughton Health Centre**

### **Job summary**

Would you like to work as a pharmacy technician in general practice — joining the newest and most exciting branch of the pharmacy profession?

Would you like to use your skills and knowledge to improve prescribing efficiency and safety, and to help patients to get the most from their medicines?

Would you like to join an established PCN pharmacy team, meaning you will not have to spread yourself too thinly across a large number of practices?

Would you like a job with no regular weekend working?

If the answer to these questions is 'yes', we want to hear from you.

### **Main duties of the job**

We seek a registered pharmacy technician with good organisational skills, a passion for working as part of a team to lead on improving the safety and efficiency of prescribing. We anticipate the postholder to spend some of their time in clinics – either speaking to patients over the phone or in person – conducting simple medication reviews or counselling patients on new medicines.

If successful, you will be based mainly in Boughton Health Centre, working alongside our practice pharmacists. As part of a PCN, we like to share any positive and productive new ways of working across all of our practices, so occasional working at other practices may be required.

### **About us**

Chester East PCN is a forward-thinking network of four GP practices. Over the past year, we have established a pharmacy team providing clinical, patient-facing services across our network. The team have established themselves as key staff members in all practices. We now wish to add another enthusiastic pharmacy technician to our team.

While experience in a general practice role would be helpful, it is not essential as mentoring and training will be provided to support the development of your skills to deliver this role. The postholder will be expected to complete the CPPE primary care pharmacy education programme (unless exempt).

For more information regarding this post or an informal chat, please contact Gareth Malson, lead pharmacist for Chester East PCN, via [boughton.healthcentre@nhs.net](mailto:boughton.healthcentre@nhs.net)

The closing date for applications is Wednesday 3<sup>rd</sup> November 2021 and we plan to interview on Thursday 11<sup>th</sup> November 2021
